**Are you (temporarily) staying in Goes and do you not have your own GP here?**

Do you need medical care? Then please use the digital care service Medicoo. To help you as best we can, you can download the app and ask your health question directly.

Via the Medicoo app you can easily and quickly receive personal advice from a team of nurses and general practitioners, who work together with the local general practices in Goes. You can also send photographs via chat. If necessary, they will refer you to one of the practices!

For more information please visit the website <https://medicoo.nl/en/ik-ben-patient/>

Download the Medicoo app, register and you can ask your question. From Monday to Friday from 8:00 am to 5:00 pm.
